

322

Consultant's Specification

CONSULTANT'S AND SYSTEM DESIGN SPECIFICATIONS

The Tascam 322 is a 3U rack-mountable dual cassette deck equipped with optical leader sensing. The dual decks operate independently or simultaneously and have built in cascade out and transport logic. Each cassette well on the 322 provides Dolby B & C with HX Pro Headroom Extension, Auto Music Search Function (CPS), RTZ Function, 10% +/- Pitch Control, rear panel unbalanced (RCA) I/O, and share a Headphone output w/level control. The unit is equipped with RS-232 control port and a wired remote.

Optional Accessories for the 322 are WE-7000 Cascade Cables and LA-322 Balancing Kit.
