Important Notice

Whenever updating drivers, previous drivers for this product should be uninstalled first.
Please turn on the unit (US-1200) after the computer is turned on.
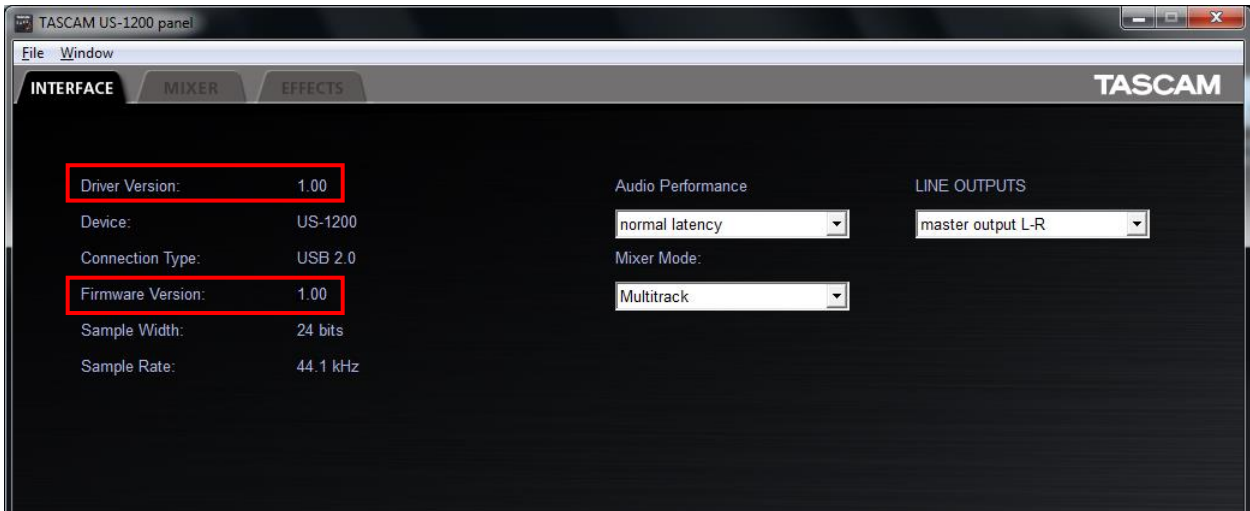

Maintenance items

For Mac OS X Driver
■ **Version 3.01**
・ A problem where the Meter display on the Mixer panel might stop working when the Mixer Mode was changed has been fixed.

・ A problem where the computer audio would become garbled after the Mixer Mode was changed has been fixed.

・ A problem where turning off the US-1200 while the Mixer panel was active would cause the computer to freeze has been fixed.
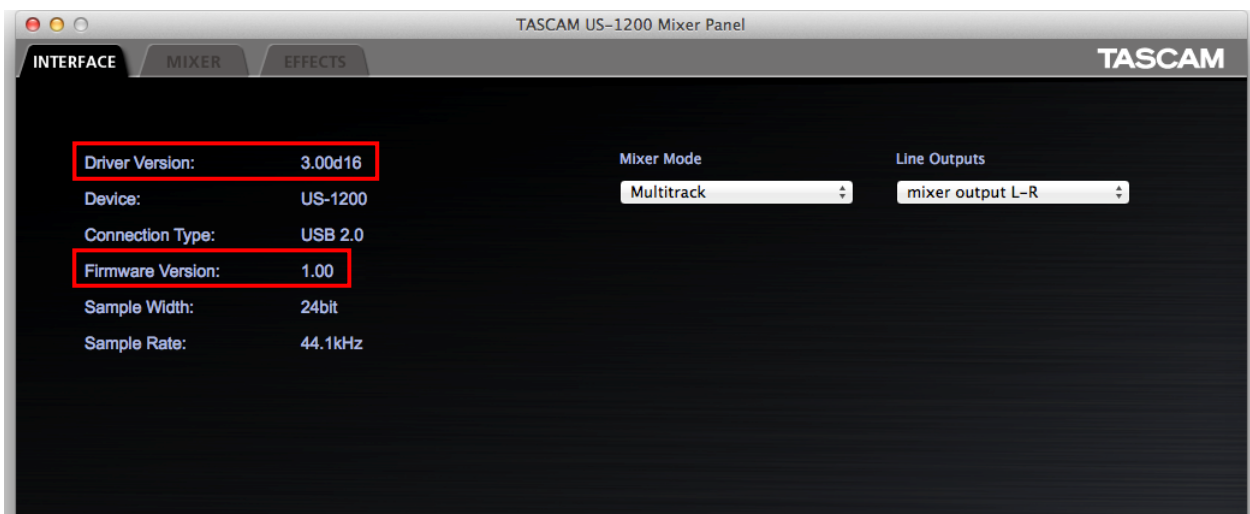

Checking the driver and firmware versions

Check the current versions before beginning to update the US-1200 driver and firmware.

1. **Press the MIXER PANEL button on the unit to open the Mixer Panel.**
2. **Click the "INTERFACE" tab to open the "INTERFACE" page.**
3. **Check the "Driver Version" and "Firmware Version" items on this page.**

Windows US-1200 Mixer Panel

Mac OS X US-1200 Mixer Panel

How to install drivers

Follow the procedures below to install the latest driver.

Windows

Driver updating procedures

Before beginning installation, disconnect the US-1200 from the USB cable. Before installing the new driver uninstall any existing driver on the computer.

See "Uninstalling the driver" in the Owner's Manual for instructions.

1. **Download the latest driver (Ver. x.xx driver) for your operating system from the TASCAM website (http://tascam.com/), and save it to your computer's hard disk.**

2. **Uncompress the driver zip file on the hard disk.**

3. **Double-click the "setup.cmd" file to start installation. Follow the procedures in the Owner's Manual to complete the installation.**

Mac OS X

Driver updating procedures

Before beginning installation, disconnect the US-1200 from the USB cable. Before installing the new driver uninstall any existing driver on the computer. See "Uninstalling the driver" in the Owner's Manual for instructions.

1. **Download the latest driver (Ver. x.xx driver) for your operating system from the TASCAM website (http://tascam.com/).**

2. **Double-click the disc image file (.dmg file) you downloaded, then double-click the "TASCAM _US-1200_x.xx" file in the opened folder.**

NOTE

There are times that the zip file you downloaded will not be automatically unzipped depending on you computer environment. In this case, double-click the disc image file after unzipping the zip file.

3. **After the installer launches, follow the instructions on the screen to proceed with the installation.**

4. **Click the "Restart" button to quit the installer and restart the computer.**
